**Coins and Power in Late Iron Age Britain***John Creighton*

Cunobelin, Shakespeare's Cymbeline, ruled much of Southeast Britain in the years before Claudius' legions arrived, creating the Roman Province of Britannia. But what do we know of him and his rule, and that of competing dynasties in Southeast Britain? This book examines the background to these, the first individuals in British history. It explores the...

**Gold: The Once and Future Money***Nathan Lewis*

For most of the last three millennia, the world's commercial centers have used one or another variant of a gold standard. It should be one of the best understood of human institutions, but it's not. It's one of the worst understood, by both its advocates and detractors. Though it has been spurned by governments many times, this has never been due to...

**Money and Sovereignty as Expressed in Gold Coinage***Douglas A. Mudd & Michael Fagin*

History, sovereignty, geography and money are timely topics in todays global economic marketplace.

Money has attracted a major part of mankind's attention since its invention in Asia Minor in the 7th century B.C. It has had many uses over the ages beyond its original development for purposes of long distance trade and military power. Among the most...
